

Press Release

Sarla Performance Fibers - First Indian Company to manufacture Nylon 66 High Tenacity Yarn

Highly Technical value added product currently manufactured only by few companies world wide now being produced in India

Mumbai, 10th July 2013:

Sarla Performance Fibers, a 100% EOU engaged in the manufacturing of high value added nylon and polyester yarn and threads and enjoying strong customer relationships with renowned brands across the Americas, Europe and Asia, has begun manufacture of Nylon 66 high tenacity yarn.

Nylon 66 high tenacity and lower shrinkage yarn product is a niche and specialized offering. High end users include parachutes, car air bags, specialized sewing applications in automotive, shoes, leather, Industrial filters, hoses etc.

Commenting on the successful completion and inauguration, Mr. Krishna Jhunjunwala, Managing Director of Sarla Performance Fibers said, *"We are delighted to announce that after a significant amount of time, effort and investment, Sarla has now begun the manufacture of Nylon 66 joining the elite league of few companies having similar offerings. This high tenacity and lower shrinkage product has strong demand for premium applications the world over."*

About Sarla Performance Fibers Limited (SPFL)

SPFL is a 100% EOU engaged in the manufacturing and export of high value add polyester and nylon textured, twisted and dyed yarns, covered yarns, high tenacity yarns and sewing thread.

Beginning as a manufacturer of commodity yarns, the company has successfully shifted its focus and established itself as a manufacturer of specialized and higher value added yarns. Our strength lies in customizing the product as per each individual customer's requirements and specifications. Over the years SPFL has expanded its activities with the expansion and upgradation of existing facilities in India, as well as through creation of new facilities overseas with the primary objective of establishing closeness to customers to provide quick and efficient services to them. With clients in all major countries across the globe & a presence in key international locations, SPFL has developed a strong customer base. Today, the company is run by its promoters, Mr Madhusudhan Jhunjunwala, the Chairman and Mr. Krishna Jhunjunwala, the Managing Director. The company's head office is located in Mumbai, India and its manufacturing facilities are situated 160 km outside Mumbai in Silvassa and Vapi. It has an installed capacity of 11,900 tons per annum for manufacturing yarns in Silvassa and 3,200 tons per annum for a Dyeing unit at Vapi.
